Total # of Towns	24
Total # of Original pages	140
Total # of Town & Village Maps	70
Total # of Pages this edition	134

This complete, line-by-line contents list has been prepared for the 2011 CDROM edition of the Beers Atlas. The original atlas is a hardbound book, measuring about 12” x 15”. This CDROM file has the scans at the same size as the original, except as noted. Some of the original maps are on 2-page spreads as indicated on the list.

- \* This atlas has unusual pagination - many page numbers are omitted. This list shows the actual map pages and those which are omitted. For example "no pg 14" indicates that the original atlas does not have a page 14. The map on page 13 is followed by the map on page 15.
- \* Note:The Town of Avon did not exist in 1876 but was later annexed from the Towns of Stoughton and Holbrook. Plainville was annexed from the Town of Wrentham, Millis from the Town of Medway, Wellesley from the Town of Needham, and Westwood was annexed from Dedham.
- \* Note:The original atlas was printed to the edge of the page. Images that appear to be cut off in this reprint are true to the original.

**Abstract**

<p><b>WATER</b></p> <p>Water is a natural resource that is essential for life. It is found in many forms, including liquid, solid, and gas. Water is also a major component of the Earth's crust and atmosphere.</p> <p>Water is used in many ways, including for drinking, irrigation, and industrial purposes. It is also a key component of many ecosystems and plays a vital role in the water cycle.</p> <p>Water is a renewable resource, but it is not infinite. It is important to use water wisely and to protect our water resources for future generations.</p>	<p><b>WATER</b></p> <p>Water is a natural resource that is essential for life.
